

Newport Replacement Local Development Plan

Newsletter

Issue 004

February 2023

The council is working on the production of a Replacement Local Development Plan (RLDP) for Newport. The RLDP will set out a 15 year land use framework for the city.

■ What's happening now?

Growth and Spatial Options Consultation

Consultation: 25 January 2023 – 8 March 2023

The RLDP will guide the development of the city over the next 15 years. The Growth and Spatial Options consider the scale of growth (housing and employment) and broad options for where that growth could be located (spatial options).

Your feedback will help refine the Growth and Spatial Options to best represent the communities that live in, work in, and visit Newport.

You can find out more information, view the documents and submit your comments on the Growth and Spatial Options online at www.newport.gov.uk/RLDP, or by contacting the Planning Policy Team (see details below).

■ Where are we in the process?

There are many stages in creating a development plan and we are currently the Growth and Spatial Options stage (blue completed, green underway):

*Dates are approximate

■ What's happening next?

Preferred Strategy

Following on from the Growth and Spatial Options, the next stage will be the Preferred Strategy where we will prepare a document that sets out Newport's draft vision, objectives and the overall growth strategy as well as key policies for the RLDP.

We will be consulting you on Preferred Strategy and hold a variety of Community Engagement Events at the end of the year.

■ Get Involved

The development of a new plan will affect people that live and work in Newport, it is therefore important that everyone gets involved and have their say.

If you have not already signed up to be informed of the progress and engagement stages of the plan, please do so by completing the online form or by one of our contact methods set out below.
